Education

Ondokuz Mayıs University
Degree in Computer Programming
◦ GPA: 3.1/4.0

Sept 2024 – Sept 2026

Experience

Software Developer Intern
NewtonTech

Ilkadam, Samsun
July 2026 – Aug 2026

- Gained hands-on experience in software development life cycles and collaborated with the technical team.
- Assisted in debugging, testing, and developing features for ongoing software projects.
- Successfully completed practical project milestones and maintained comprehensive technical documentation for the official internship logbook.

Projects

OMU Student Forum

2024

- Developed a Reddit/X-style custom university student forum for a major academic project.
- Configured the database, established custom subdomains, and generated sample content structures.
- Tools Used: Next.js, TypeScript, Firebase, Vercel

Hotel Tracking Application

2024

- Built a comprehensive and fully functional hotel management application.
- Implemented detailed room tracking and customer management modules to streamline operations.
- Tools Used: TypeScript

Tarihi Çarşamba Pide QR Menu & Website

2026

- Pitched, designed, and implemented a full-stack website and QR Menu system for a local restaurant.
- Developed the application infrastructure, drafted client contracts, and designed brand logos.

Time is UP! (2D Game)

2026

- Designed and programmed a 2D local co-op competitive party game.
- Created custom pixel art sprite sheets, established local multiplayer networking nodes, and refined core gameplay physics.
- Tools Used: Godot Engine

Technologies

Languages: TypeScript, JavaScript

Frameworks & Libraries: Next.js, TailwindCSS

Tools & Platforms: Godot Engine, Firebase, Vercel
